Message to Shareholders

It gives me great pleasure to write to you as your company witnesses tremendous growth in the branded segment.

It is a matter of pride for us that our clientele continues to grow strongly across the entire national geography.

The year 2015-16 had been a demanding, but also a tremendously rewarding, one. Whilst India enters a faster growth period from three years of stunted growth, the transition period is marked by global uncertainty and volatility in financial markets. Despite this, your company has fared well in the segments it operates in. We are fast emerging as leaders within sub-categories of the branded edible oil segment. This has been achieved by innovative and thoughtful product strategy, followed by focused brand promotion activities.

Your Company's brand building efforts have helped create leadership in some categories with strong consumer franchises that yield healthy margins. The Company continues on its journey towards building a higher value added and a higher margin portfolio of brands. While we maintain confidence in the quality of our products, we try to do everything we can to ensure that Modi Naturals' emerges as an even stronger, trusted and respected Company. We want to continue to drive growth in the categories where we are leaders and have a competitive advantage, by providing our consumers with superior quality products. We are also focused on developing innovative products and brands to leverage our growing distribution network.

In spite of the evolutionary changes, our Company has undertaken over the years to respond to those challenges, the one thing that has remained constant, since our inception, is our commitment to stewarding our Company in the best interests of our shareholders. We see this as a source of competitive advantage for the business now and in the years ahead. I, thank you, dear shareholders for placing your faith in the Company. I also thank the very committed members of the Modi Naturals' team and the Company's business associates for their continued support. My team and I look forward to the challenges of delivering sustainable profitable growth in the years ahead with confidence.

I look forward to greater success for Modi Naturals' in the years to come.

Sincerely,
sd/-
Akshay Modi
Executive Director

MANAGEMENT DISCUSSION AND ANALYSIS

1. Industry Structure and Development

a. Global Economic Condition

The global economy continues to face challenges such as declining commodity prices, subdued growth, volatile financial markets and fluctuating exchange rates. Several emerging economies are grappling with slowing growth, inflation, currency devaluations and high deficits. However, India seems to be the most stable growth market amongst emerging markets hence the medium to long term will see a lot of investment coming into India.

b. Overview of Indian Economy and Industrial Outlook

The new government has brought in a renewed focus on growth and is determined to make suitable reforms. Major reforms are taking time, but the India story is intact and growth is back at over 7%. With global commodity prices at a historical low, India, a huge importer of commodities is at a good position. The Reserve Bank of India (RBI) has reduced interest rates to supplement the government's growth initiatives and to identify new avenues of growth.

Due to moderated level of inflation, reduced current account deficit and fiscal consolidation, the Country is currently characterised as a stable macroeconomic situation, Furthermore, increased industrial production complimented by various government leading initiatives could further prove to be an impetus to the economy.

Rising incomes and growing youth population have been key growth drivers of the FMCG sector. Brand consciousness has also aided demand. Low penetration levels in rural market offers room for growth

2. Threats and Opportunities

a. Threats

With commodity prices falling across categories, the only threat visible in the short term is that of lower priced competitors.

b. Opportunities

With growth back on track, consumer confidence is back and can be seen across categories. This is supplemented by low commodity prices, which increases the consumer spending power and also FMCG margins. Higher margins can be used to fuel volume growth and innovation into new products and categories.

3. Segment, Product wise Performance

Your Company's sole business segment is manufacturing and marketing of Edible Oils and de-oiled cakes and geographical segment is India.

Since 2010, the company has slowly transitioned its business from the commoditized non-branded manufacturing and marketing of edible oils to making unique branded edible oils and also becoming India's third largest Blended Oil Brand.

The company's branded product portfolio includes Oleev Olive oil, Oleev Active oil (Blend of Olive oil and Rice Bran Oil), Rizolo Rice bran oil, Tarai shudh Mustard oil, Tarai Tasty+ (Blend of mustard and rice bran oil), Mi ller Canola Oil and Olivana Wellness Oil. In the non-branded segment, the company manufactures and markets Sunflower oil, Rice Bran oil, Mustard oil, Rice Bran wax and De-oiled cakes.

In FY'16 the Company's brand 'Oleev Active' has attained a significant market share of the premium 'healthy edible oil' segment, in organised retail and in few of the major chains. Your Company continues to support our flagship Oleev Active in this Category with adequate level of investments to ensure that our position in this category remains healthy and profitable while delivering the highest returns to our shareholders.

4. Outlook

An improvement in the macro-economic fundamentals is expected to ramp up demand by improving the overall consumer sentiment. The Company expects demand to pick up as and when the disposable income in the hands of consumers increases due to pick up in economic activity and various government initiatives like NREGA, 7th Pay commission, implementation of DBT schemes etc.

The company has a good product pipeline and has also been investing in various distribution channels to service the demand all across geographies. We are well poised to effectively capture the growth opportunities in the FMCG Sector.

5. Risk Management

Business risks exist for any enterprise having national and international exposure. Your Company also faces some such risks, the key ones being - a longer than anticipated delay in economic revival, unfavourable exchange rate fluctuations, emergence of inflationary conditions, rise in counterfeits and look-alikes and any unexpected changes in regulatory framework.

The Company is well aware of these risks and challenges and has put in place mechanisms to ensure that they are managed and mitigated with adequate timely actions.

6. Internal Control Systems and its adequacy

Your Company, in a rapidly changing business environment under which it operates, identifies and assesses risks; prepares response to the same and monitors them on continuous basis through a structured organisation reporting, delegation of authority, development of personnel, risk mitigation, management style and ethical values. Annexure - B to the Auditors' Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of M/s Modi Naturals Limited ("the Company") as of 31 March 2016 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and

expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2016, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
