22. NOTE ON TAXATION

1. Under current Indian tax laws and regulations, capital gains arising from the sale of the equity shares of an Indian company are generally taxable in India.
2. Capital gain arising from the sale of listed equity shares in a company made on a recognized stock exchange on or after October 1, 2004, and on which STT was paid at the time of sale, was earlier exempt from tax provided that the equity shares were held for more than 12 months. The Finance Act, 2017 amended Income Tax Act, 1961, as amended ("**IT Act**") to provide that the said exemption was available only if STT is paid both at the time of purchase and sale of such equity shares, subject to certain exceptions notified by the Central Government of India.
3. The Finance Act, 2018 has withdrawn the above capital gain tax exemption with effect from April 1, 2018, for any transfer of listed equity shares in a company, held for more than 12 months, on a recognized stock exchange occurring on or after April 1, 2018, the capital gain exceeding 1,00,000/- (Indian Rupees One Lakhs Only) are now taxable at a rate of 10%, subject to satisfaction of certain conditions. Further, if investments were made on or before January 31, 2018, a method of determining the cost of acquisition of such investments has been specifically laid down.
4. STT will be levied on and collected by a domestic stock exchange on which the equity shares are sold. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less which are sold, will be subject to short term capital gains tax @15% provided the transaction is chargeable to STT.
5. Tax deduction of source:
 - a) In **case of resident shareholders**: In absence of any specific provision under the IT Act, the Acquirer/PACs shall not deduct tax on the consideration payable to resident shareholders pursuant to the Delisting Offer.
 - b) In the **case of non-resident shareholders**: Under the existing Indian tax laws, any sum paid to a non-resident which is chargeable to tax under the provisions of IT Act is subject to deduction of tax at source, except for capital gains realized by the foreign portfolio investors or such gains/income which is exempt from tax. Since the acquisition of Offer Shares pursuant to the delisting process is through the stock exchange mechanism, the Acquirer/PACs will not be able to withhold any taxes, and thus the Acquirer/PACs believe that the responsibility of withholding/discharge of the taxes due on such gains (if any) is solely on the custodians/authorized dealers/non-resident shareholders without recourse to the Acquirer/PACs.
 - c) It is therefore important that the non-resident shareholders consult their custodian/authorized dealers/tax advisors appropriately and immediately pay taxes in India (either through deduction at source or otherwise). In the event the Acquirer/PACs in concert with them are held liable for the shareholder, the same shall be to the account of the shareholder and to that extent the Acquirer/PACs are entitled to be indemnified.
 - d) Post delisting, the Equity Shares would be treated as unlisted shares and therefore, capital gain on sale of such unlisted Equity Shares (held for more than 24 months) would be taxable at 20% (plus surcharge and health and education cess) for residents in India and at 10% (plus surcharge and health and education cess) for non-resident in India. For Offer Shares held for 24 months or less, capital gain would be taxable at ordinary rate applicable for the shareholder. The provision of gain up to January 31, 2018, being grandfathered would not be applicable and therefore the cost of acquisition for Residual Public Shareholders would be price paid by Residual Public Shareholder for acquisition of Offer Shares. Please note while the resident shareholders are allowed the benefit of indexation on their original cost of acquisition, no such benefit is applicable for non-resident shareholders.
 - e) On purchase of Offer Shares from non-resident Residual Public Shareholders, the Acquirer/PACs would be required to deduct tax at source from the sale consideration unless the Residual Public Shareholder obtain a Nil Deduction Certificate from the tax authorities and furnish the same to the pay or prior to the remittance of the sale consideration. The amount of taxes deducted and deposited

by the Acquirer/PACs can be claimed as credit by the Residual Public Shareholder against its final tax liability.

- f) The above tax rates are subject to applicable rate of surcharge, health and education cess. The tax rate and other provisions may undergo changes.
- g) Shareholders are advised to consult their tax advisor for the treatment that may be given by their respective income tax assessing authorities in their case and the appropriate course of action that they should take. The judicial and the administrative interpretation thereof, are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions, any such change could have different income tax implications. This note on taxation sets out the provisions of law in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the disposal of equity shares. The implications are also dependent on the shareholders fulfilling the conditions prescribed under the provision of the relevant sections under the relevant tax laws, the Acquirer/PACs neither accept nor hold any responsibility for any tax liability arising to any shareholders as are as on of the Delisting Offer.
